Think Before You Drink!

In Arizona you need to be 21 years of age before you can consume an alcoholic beverage like beer, wine, or hard liquor.

Make Reference to the Arizona Alcohol Laws:

Q: What if I am in my apartment or room?
A: The law still applies to you

Q: My parents give me permission to drink
A: You are still subject to arrest, fine, and possible jail time

Make Reference to your Arizona Christian Student Handbook for further sanctions.
