

## ACU Library Food and Drink Policy

The ACU Library aims to provide a clean, comfortable study environment. We want patrons to be able to sit anywhere in the library without encountering spills, crumbs, grease, and other residue; and we want to limit distractions from food odors and sounds. Consequently, patrons must follow these rules concerning food and drink:

- Meals must be eaten outside the library. (“No meals.”)
- Meals must not be carried in the library for more than a few minutes. Traditional lunch bags/boxes may be carried for longer periods.
- Some snacks may be eaten in the library’s Low Volume Zone and Collab Zone (not in the Quiet Study Zone). Snacks must be . . .
  - Odorless.
  - Quietly eaten. Noisy snacks may be eaten only in the Collab Zone.
  - Non-messy.
- Patrons must clean up after themselves.
- Drinks must have a spill-resistant lid.
